

Name: _____

Year 3/4 Digital Technologies Assessment

You will use the 5 photographs of yourself, and information brought from home about each of the photos to create a digital photo story timeline. You will create your photo story timeline as a PowerPoint presentation, to be completed in correct chronological order.

Complete the following steps in order, ticking off the boxes as you complete each step:

Create a new PowerPoint presentation in the style of your choice, consisting of 6 pages, including:

- a title page including your name and date of birth.
- 5 pages in chronological order, one page for each photo.
- Information on each of the 5 pages about the photo, including:
 - Who is in the photo with you (if anyone).
 - How old you are in the photo.
 - When the photo was taken.
 - Where the photo was taken.
 - If the photo is of a special occasion.

All the information needed to complete your photo story timeline can be found on the information sheet you completed with your parents/carers at home.

❖ You will be assessed on:

- Whether your presentation is in the correct chronological order
- Your ability to transfer data (photographs) using peripheral devices (USB, digital camera)
- Your ability to present data (photos and written information) neatly and accurately using simple software (Microsoft PowerPoint).
- Correct spelling and punctuation.

Personal Evaluation

Please answer the following questions to explain how you feel about your electrical circuit assessment.

1. Did you complete all the steps on the Assessment task sheet?

(circle)

YES / NO

2. Were you happy with your digital photo story timeline?

(circle)

YES / NO

3. If no, explain why you were not happy.

4. What changes do you think you could make to your presentation to improve it?
